October 1

Dress sexy and tease him, and explain to him that he is going to be caged for the rest of the month – but there might be rewards along the way if he behaves. There might not be, either, but he is going to need to behave if he wants to get the cage off at the end of the month.

If you'd like, you can have a sexy romp first – his last until Halloween – or you can go straight to caging him.

Either way, it's time to put the cage on.

October 2

Dress sexy, tease him, touch him – but don't remove the cage. Discuss sexual fantasies, or all the fun you could have if only he wasn't caged.

October 3

Completely ignore the fact that he's caged. Give him tasks to do – chores around the house, or to-do projects he's left undone. Later, have him please you with his fingers and tongue.

October 4

If you haven't already, make sure he's keeping everything clean. You may remove the cage to clean his cock yourself or for a supervised shower, but he may not pleasure himself in any way. You might want to tease him while he's out of the cage – get him hard, edge him, but don't let him cum. Lock him back up. Don't forget to do this regularly moving forward!

October 5

Have him give you a full body, nude massage.

October 6

Have him write an erotic story and read it out loud to you.

October 7

Give him a caged blowjob. Can he cum in chastity? Probably not, as frustrating as it is!

October 8

Have him give you a full body massage.

October 9

Make him go out in public and undress outdoors (in a safe space – don't bring others into your kink without consent, and don't get arrested!). Alternatively, parade him around in his cage in front of your friends.

October 10

Make him watch you masturbate or use a vibrator on yourself – he cannot touch you!

October 11

Discuss cuckolding and hotwifing... it's been so long since you've had a cock, maybe you should go find one, since he's locked up?

October 12

Sit on his face until he brings you to climax. You can play with his caged cock, but don't let him cum!

October 13

Have him worship your feet. He can paint your nails, massage your feet, and suck your toes.

October 14

Feminization and sissification – it's time to cross dress him! Have him put on makeup, style his hair, and dress as a woman, then humiliate his locked up cock.

October 15

Now, it's time to focus on romance. Have him take you out to dinner, a movie, or any other romantic date you'd like. You're halfway through the month, so it's time to rekindle your romance.

October 16

Have him do a full workout in front of you – completely nude, except for his cage.

October 17

Watch porn together and talk dirty to him. Tell him all the things you would do if he wasn't locked up!

October 18

Peg him. Use a dildo, butt plug, or strap on and literally fuck him in the ass. See if he can cum from the prostate stimulation alone.

October 19

Ballbusting and cock & ball torture. Get some wickedly evil toys and apply the pain (don't have any? Lots of kitchen utensils, rubber bands, and belts work!). If you're not into this, then tie him up and tease him relentlessly.

October 20

Have him cook and serve you dinner, completely nude (except for his cage).

October 21

Do a strip tease for him. Make it incredibly erotic. Once you're naked, have him please you however you'd like.

October 22

Make him pose for pictures with his cage. Review them together!

October 23

More pictures – have him take pictures of him wearing his cage while at work, at the gym, or anywhere else. Require a certain number of pictures. You can also tease him by sending him erotic pictures of yourself throughout the day!

October 24

Have him give you a full body massage, then finish you off however you'd like.

October 25

Make him suck a dildo for you... or a real dick.

October 26

See if you can make him cum in his cage. Use a vibrator on the cage, give him head, massage his prostate – but give him a time limit. If he can't cum in 15 minutes, too bad – time's up, and it's his turn to please you!

October 27

Create a quiz where he answers questions about his keyholder. Tell him that you're adding an extra day for any he gets wrong (whether you do it or not).

October 28

Hide the key and tell him to search for it. If he finds it within a certain time period, you'll consider unlocking him on Halloween. If he doesn't, he may as well stay caged!

October 29

Have him give you a full body massage, then please you however you'd like.

October 30

Tell him you're considering keeping his cage on for No Nut November, either because he's been a good boy or a bad boy. Make sure you're dressed sexy and tease him throughout the day.

October 31

Continue the teasing and dropping hints that he might stay caged through November. Then... unlock him! Please him in his favorite way (or ways) until he cums!

Discuss your Locktober experience, what you liked, what you didn't, and how it could be better for both of you.

Then, decide whether you're going to leave him free... or lock him up for No Nut November!
